What We Offer

Delivery

When you can't pick up your order, we will bring it to you. With a growing fleet of delivery vehicles, we can bring your order that day or you can schedule a drop off at your convenience. If our store doesn't have what you need in stock, we'll source from one of our 47 convenient locations.

Program Discounts

Manage your budget with us. We offer a variety of payment options for qualified rewards customers. We can also offer lines of credit with easy payment terms.

If you're purchasing for a large project, ask your Rocky's sales rep or manager about our volume discounting. We can even help you fill the gap in your budget at the end of the year.

Parts and Repair Centers

Dealing with regular wear and tear on your equipment has never been easier. We sell the products you need for regular maintenance. When you don't have the time or ability, we have trained technicians throughout our stores to do the work for you.

Quality Brands

You need tools and equipment that can keep up with you. We carry top-rated brands to offer you the utmost durability for daily wear and tear. Shop brands such as Stihl, Ego, DeWalt, Milwaukee, Craftsman and Ariens for your outdoor needs.

For our painters, we carry brushes, rollers and paint accessories from reliable brands such as Corona, Wooster, and Purdy. We are also proud to carry sprayers from Graco and ProSand products from Norton.

OPEN 7 DAYS A WEEK!
