Now with our new ReSharp machines, we'll sharpen your knives in 90 seconds. Bring in all your kitchen and pocket knives and we'll sharpen them while you shop.

In select stores, we also offer blade sharpening services where we'll sharpen anything from lawn mower blades to scissors to keep your tools sharp on the job.

Glass Services

We have the tools to repair your broken windows and doors. Bring in broken window panes or take a picture with measurements and we'll create a seamless match.

Buy or supply glass, plexiglass or acrylic sheets and we can even cut you a new sheet to the specifications that you need.

Key Duplication

Whether you need additional spare keys for your tenants or need to change locks, we can help. Select from a large variety of keys and our machines will cut them while you shop. We also carry a selection of deadbolts and electronic keypads for keyless entry.

Paint Color Matching

Bring in paint swatches or color samples and our Paint Specialists will create a custom tint to match. If you or your client are unsure, select a few of our low-cost samples to try out so you can find the right fit.
